Border Maker Ribbon Weaving

© 2011 Creative Memories

HOW TO CREATE LAYOUT:

1. Adhere a slightly smaller piece of the light-blue pattern paper to the centre of the Royal Blue Cardstock.
2. Using the Border Maker and the Picket Fence Cartridge, punch 4 borders from White Cardstock.
3. Use the Blue Dual-Tip Pen to lightly ink the picket edges.
4. Cut 2 strips of Cheerful Paper Ribbon. Thread one strip of ribbon through each border strip. Adhere, slightly overlapped and offset.
5. Adhere 3 photo mats in orange, red and yellow, in the center of the layout. Add photos.
6. Using the Tag Maker, punch a tag from a yellow mat. Apply title sticker near the top and adhere tucked behind the top border.
7. Cut a strip of paper ribbon. Adhere the ends together, forming a loop. Smash the centre and secure using Precision Point Adhesive. Adhere 2 strips of the ribbon behind the bow. Cut each end at an angle. Using a Foam Adhesive Square, apply a sand dollar sticker to the centre.
8. Add the flower and leaf stickers.
